ADVANCED PLACEMENT PROGRAM

At Wall High School, 184 students took one or more exams in 22 different subjects. A total of 351 exams were administered with 94% of our students scoring 3 or higher. The College Board has recognized 69 total AP Scholars; 40 AP Scholars, 20 AP Scholars with Honor, 9 AP Scholars with Distinction. Wall High School was placed on the College Board's 7th Annual AP District Honor Roll for significant gains in student access and success.

DUAL ENROLLMENT/MIDDLE COLLEGE PROGRAM

Seniors participate in Dual Enrollment with Brookdale Community College. Classes are taken on the BCC campus among the general population. Participating seniors can earn 6 credits each semester. Additionally, Wall High School students may enroll in the Middle College Program offered through Fairleigh Dickinson University for College Accounting to meet college graduation requirements.

BLOCK SCHEDULING

Wall High School has an alternating block schedule (A/B). Students have gained 48 hours of instructional time over the course of a full school year. Students attend four classes each day lasting for 84 minutes each. Classes are taught for the entire school year with four different classes on day A and day B. AP Biology, AP Chemistry and AP Calculus BC earn 10 credits and are taught in a double block.

WALL HIGH SCHOOL ACADEMIES

WALL BUSINESS & FINANCE ACADEMY (WBFA)	WALL PRE-ENGINEERING ACADEMY	SERVICE AND LEADERSHIP ACADEMY
Students who are accepted into the WBFA will tailor their elective choices to a focus on business and finance. They must take a minimum of 20 credits of mandatory business courses and successfully complete an internship between the summer of their junior and senior years. Community business leaders partner with Wall High School by securing internships, shadowing experiences, volunteering in classrooms, acting as mentors and serving on our advisory board. Professional development workshops are also provided for WBFA members through our Academy Knights Program. Students who complete the program are graduates of the Wall High School Business and Finance Academy and receive a "Certificate of Business and Financial Studies" as well as a medal of recognition to wear at the Wall High School graduation ceremony.	The Pre-Engineering Academy, founded in 2013, is a selective program with a focus on engineering at the high school level. Students are accepted to the academy through an application process in 8th grade that places an emphasis on academics, character and extra-curricular activities. The rigorous curriculum involves students taking Honors and Advanced Placement courses in math and science, as well as a 4-year sequence of engineering courses culminating with a senior capstone project. Students receive professional development in career readiness and are exposed to industry through site visits and shadowing experiences in engineering. Academy members also complete internships at local engineering firms across many engineering disciplines including: civil, structural, mechanical, electrical, environmental, networking, and transportation.	Students who enter this academy will be expected to complete a minimum of one-hundred community service hours per year. Student electives will be tailored towards our JROTC/NNDC and Naval Science program with an additional focus on citizenship and community. Students will also have the opportunity to earn up to twelve college credits through the University of Louisiana at Monroe. However, this is not a requirement. What makes this academy unique, is that it is open to all students without a placement exam. This academy is recommended for students who are considering a career in public safety, public service, service science such as NASA, law, government, social services, education, clergy, or the military.

WALL HIGH SCHOOL HONOR SOCIETIES

NATIONAL HONOR SOCIETY	NATIONAL ART HONOR SOCIETY	NATIONAL MUSIC HONOR SOCIETY	WORLD LANGUAGE NATIONAL HONOR SOCIETY
The National Honor Society chapter of Wall High School is a duly chartered and affiliated chapter of this prestigious national organization. Membership is open to those students who meet the required standards in four areas of evaluation: scholarship, leadership, service and character. Standards for selection are established by the national office of NHS and have been revised to meet our local chapter needs.	In 1978, the National Art Education Association began the National Art Honor Society to inspire and recognize students who have shown an outstanding ability and interest in art. The NAHS strives to aid members in attaining the highest standards in art scholarship, character, and service, and to bring art education to the attention of the school and community.	A program of the National Association for Music Education, NMHS recognizes students for their musical achievements, and rewards them for their accomplishments and musical community service activities. Students are selected through audition and are expected to maintain required grade point averages in music courses and perform in recitals.	This society represents the three world languages (French, Spanish & Latin) offered at Wall High School. In the second semester of Level 4, students must attain an overall minimum grade of 90 (AP = 88), and must be in good standing in citizenship and discipline. Once inducted, the student is expected to maintain the required averages, and participate in club activities.
