

AP Calculus Summer Assignment

Welcome to AP Calculus! Over the summer, Mrs. Cranston and Mr. DeLutio will utilize Google Classroom to make announcements to students and share information. The assignment itself will be completed via deltamath.com.

1. Summer Assignment Google Classroom

- Class Code: **32kh7wy**
- All information throughout the summer will be shared via this Google Classroom

Assignment

The summer assignment will focus on prerequisite skills that are needed to be successful in the AP Calculus classroom as well as a portion of the AP Calculus curriculum. This assignment includes videos, and practice questions. The videos will “teach” you the material. **Videos are not mandatory**, but are helpful. Supplemental videos can be found on YouTube. Your grade on the assignment will be based on your completion/mastery of the practice questions. The assignment is due on **September 6th at 7am.**
