1.1 INVITATION TO BID

- A. In accordance with the Advertisement for Bids, proposals will be received by the Owner for the performance of the project designated in the Advertisement for Bids and further described in the Instructions to Bidders and Bid Specifications. Bids shall cover all costs of any nature, including those which are incidental to and arise from the work. In explanation but not in limitation thereof, these costs shall include the costs of all work, labor, materials, equipment, transportation and cost of anything else necessary to perform and complete the project in the manner and within the time required by the specifications, all incidental expenses in connection therewith, all costs on account of loss due to damage or destruction of the project, and any additional expenses for unforeseen difficulties encountered, for settlement of damages and for replacement of defective work and materials. Conditions, limitations or provisions attached by the bidder to the Proposal shall be cause for its rejection.
- B. Prior to submitting a bid, all bidders shall become familiar with the Advertisement for Bids, Instructions to Bidders, General and Supplementary Conditions, Specifications, Drawings, Addenda and other bidding documents. It shall also be the responsibility of every bidder to investigate the site of the project and make such examination as necessary to satisfy itself regarding the character and amount of work involved. All bidders shall determine that necessary labor and equipment can be secured and that the materials it proposes to use will comply with the requirements contained in the specifications and can be obtained by the bidder in the quantities and at the time required. Appointments for inspection of the site can be arranged by contacting **Nicholas Moretta, Facilities Manager at (732) 556-2028**. By submitting a bid, the bidder agrees and warrants that it has examined the specifications, drawings, addenda, and bulletins required in any part of the work a given result to be produced, that the specifications, drawings, addenda, and bulletins are adequate and the required result can be produced under the specifications, drawings, addenda, and bulletins. No claim for any extra will be allowed because of alleged impossibilities in the production of the results specified or because of the unintentional errors or conflicts in the drawings, specifications, addenda and bulletins.
- C. The Project Manual, Drawings, and Addenda shall be considered as a whole and shall not be separated during the bidding or construction period. Division of Project Manual into "divisions" and "sections" is solely for organization and is not intended to define trade responsibilities unless specifically stated. Every Contractor shall be held responsible for reviewing and understanding the relationship of its work by becoming thoroughly familiar with the Drawings, Project Manual, and Addenda of the contract. Every Contractor shall be responsible for its own work and, if it divides the Drawings, Project Manual, and Addenda for Subcontractors or material suppliers, it does so at its own risk.
- D. Every bidder shall certify that it owns, leases, or controls all the necessary equipment required by the Specifications. If the bidder is not the actual owner or lessee of any such equipment, it shall submit a certificate stating the source from which the equipment will be obtained and shall obtain a certificate from the owner and person in control of the equipment, granting to the

Bidders should also note all cases where it is specified that labor, materials or both are to be omitted by one Contractor and are to be provided by another Contractor identified therein. It is understood that the various bidders have included such work in their bids, even though the same is not specifically mentioned within the Divisions and Sections of the Specifications upon which they are bidding.

- A. At the time of the opening of the bids, each bidder will be presumed to have inspected the site and to have read and become thoroughly familiar with the Notice for Bids, Instructions to Bidders, Bid Specifications and other bidding documents. The failure or omission of any bidder to receive or examine any form, instrument or document or to visit the site and acquaint himself with the conditions there existing, shall not relieve the bidder from its obligation to furnish all the necessary labor, materials and other conditions and requirements of the Contract Documents to complete the project at the bid price. The submission of a bid will be considered conclusive evidence that the bidder has made such an examination.
- B. The Owner reserves the right to hire an Architect to act as its representative for the purpose of administering the contract. The Contractor is obligated to follow any directive or order that the Architect may issue as if the directive or order were issued by the Owner.

Notice shall be provided no later than seven (7) days, Saturday, Sundays or holidays excepted, prior to the date for acceptance of bids to any person who has submitted a bid or who received a bid package. It shall be the responsibility of the bidder to ascertain that he has received all amendments, revisions and clarifications prior to submitting his bid. Failure of a bidder to receive notice of any amendment, revision or clarification when good faith notice is sent or delivered shall not be considered failure by the Owner to provide notice and shall not relieve a bidder from any obligation under its bid. All amendments, revisions and clarifications shall become part of the contract documents, and shall be acknowledged by the bidder in the bid. In the event the Owner is unable to provide notice within the time required, or otherwise fails to provide notices, the Owner shall not accept bids and shall re-advertise for bids. The Architect's interpretations or corrections thereof shall be final.

- A. The Owner reserves the right to reject any or all bids pursuant to N.J.S.A. 18A:18A-22 or to waive informality in the bidding, in accordance with applicable laws, if it is in its best interest to do so. The Owner reserves the right to reject the Bid of any Bidder who in the judgment of the Owner, in accordance with applicable law, is not deemed responsible to perform the Contract. The Owner reserves the right, in accordance with applicable law, to reject the Bid of any Bidder with whom the Owner has had a prior negative experience.
- B. The lowest responsible bidder(s) shall be determined in accordance with statute. The Owner shall have the right to determine which alternates, if any, shall be included in the final determination. The add or deduct amount of any alternates selected by the Owner shall be included in a consistent manner in all bid tabulations.
- C. The contract shall be signed by the Contracting party and returned to the Owner within ten (10) days after the making of the award, and the contract shall be signed by the Owner within twenty one (21) days after the making of the award; provided however, that all parties to the contract may agree to extend the limit set forth in the specifications beyond the limits required.
- D. All bid guarantees will be returned, upon request, within ten (10) business days after the bids have been opened. The bid guarantees of the three lowest bidders shall, however, be retained until either: (1) three (3) days after the contract is awarded and signed and the bidder's performance/labor and materials bond and insurance certificates are approved by the Owner, or (2) all bids are rejected by the Owner.
- E. If the lowest responsible bidder is not a resident of the State of New Jersey, then the bidders shall designate a proper agent in the State upon whom process may be served as a condition precedent for the awarding of the contract. If the lowest responsible bidder is a foreign corporation (incorporated outside the State of New Jersey), then the awarding of the contract and payment of consideration thereunder is conditioned upon the bidder filing a Certificate of Authority to transact business in the State of New Jersey with its bid complying with the provisions of N.J.S.A. 14A:13-1 et seq.
- F. Upon notice of award of a construction contract, the Owner will provide the Contractor with Form AA-201, Initial Project Workforce Report. The contractor shall after notification of award, but prior to signing a construction contract, properly complete and submit an Initial Project Workforce Report, Form AA-201. Proper completion and submission of this report shall constitute evidence of the contractor's compliance with the regulations of Affirmative Action. Failure to submit this form may result in the contract being terminated. The contractor also agrees to submit a copy of the Monthly Project Workforce Report, Form AA-202 once a month thereafter for the duration of the contract to the Division of Contract Compliance and Equal Employment Opportunity in Public Contracts and the Public Agency Compliance Officer. The Owner is required to retain the Affirmative Action evidence on file for review by the Division of Contract Compliance and Equal Employment Opportunity in Public Contracts.
- G. The contractor must submit a properly completed Initial Project Workforce Report, Form AA-201. The completed form AA-201 must be submitted by the third (3rd) calendar day after notification of award. If a construction contractor does not submit Form AA-201 within the required time period, the Owner may extend the time period to the fourteenth (14th) calendar

day. If by the fourteenth (14th) calendar day the Contractor does not submit the form, the Owner must declare the Contractor is non-responsive and award the contract to the next lowest responsible bidder or terminate the contract.

1.22 RECEIPTED BILLS FOR MATERIALS, ETC.

- A. It is hereby understood and agreed that no payments after the first payment shall be made by the Owner to any Contractor for materials delivered and accepted during any month covered by this contract or any work done or labor furnished during the same period, unless and until receipts and any and all other vouchers showing payment by the Contractor for materials and labor, including payments to subcontractor from the preceding payment to Contractor on the same basis set forth in the Certificate for Payment, having been filed with the Owner and annexed to the Certificate covering said payment applied for; anything to the contrary in any of the Contract Documents referred to herein notwithstanding.
- B. It is further agreed and understood that the Contractor will require all subcontractors within thirty (30) days after any payment is made to subcontractors to submit sufficient proof of payment, covering both labor and material men so that the Contractor is satisfied that no stop notices can be filed against him for any money due the subcontractor or their labor or material men.

1.23 RELEASE OF LIENS

- A. Neither the final payment nor any part of the retained percentage shall become due until the Contractor delivers to the Owner a complete Release of all Liens arising out of this Contract and an affidavit that so far as he has knowledge or information, the releases include all labor and material for which a lien could be filed, but the Contractor may, if any subcontractor refuses to furnish a release in full, furnish a bond satisfactory to the Owner, to indemnify him against any liens. If any lien remains unsatisfied after all payments are made, the Contractor shall refund to the Owner all monies that the latter may be compelled to pay in discharging such a lien, including all costs and reasonable attorney's fees.

1.24 PROGRESS PAYMENTS

- A. The Owner reserves the right to withhold on account of subsequently discovered evidence, the whole or part of any monthly payment to such extent as may be necessary to protect against loss on account of defective work not remedied or any form of payment claims against the Contractor that may subsequently have accrued. The Owner shall withhold the retainage as prescribed N.J.S.A. 18A:18A-40 et seq.

1.25 FINAL ACCEPTANCE

- A. The final acceptance shall not be binding or conclusive upon the Owner should it subsequently find that the Contractor has supplied inferior material or workmanship or has departed from the terms and conditions of its contract. Should such a condition appear the Owner shall have the

right, notwithstanding, final acceptance and payment to cause the work to be properly done in accordance with the drawings and specifications at the cost and expense of the Contractor.

The bidder to whom the contract is awarded shall, within ten (10) days from receipt of the Agreement between Owner and Contractor from the Owner, sign and return the contract to the Owner.

1.27 TIME FOR COMPLETION/LIQUIDATED DAMAGES

- A. Since time is of the essence and actual damages suffered by the Owner are incapable of precise calculation, the contractor agrees that the amount set forth in the supplementary conditions is a fair and reasonable method of measuring the damages suffered by the Owner for each calendar day the project is delayed.
- B. In the event the project is totally not completed and the building ready for occupancy/re-occupancy on the date specified in the contract documents, the Contractor shall pay the Owner the sum stated in the Supplementary Conditions, article 8.4.1 Time of Completion – Delay – Liquidated Damages as liquidated damages, not as a penalty, for each calendar day that the project is delayed.
- C. The imposition of liquidated damages shall not serve as a bar to the Owner's recovery of actual damages.

1.28 PAYMENT SCHEDULE

- A. Upon the presentation of a duly executed voucher, the contract amount shall be paid within thirty (30) days of final completion of the project, including the submission of an application for payment approved by the Architect, all closeout documents, training sessions, and the production of the maintenance bond, manufacturer's warranty and release of lien.

1.29 WARRANTY

- A. In addition to the warranties set forth in the General Conditions contained herein, the bidder warrants that the services to be rendered to the Owner shall be furnished in a workmanlike manner and in accordance with all applicable federal and state statutory requirements and administrative regulations.

- A. To the fullest extent permitted by law, the successful bidder (the "Contractor") shall indemnify, protect, defend and save harmless the Owner, the Architect, Engineers (if any), Construction Manager (if any), their respective agents, officers, employees, and servants from any and all claims, demands, suits, damages, costs and expenses, including reasonable attorneys' fees, whether or not caused, in part by any party indemnified hereunder, arising out of, or in any way related to the Project, the performance of Contractor's agreement with the Owner that may arise out of or result from the acts or omissions of the Contractor in performing the agreement or the conditions created thereby as more particularly set forth in Article 3.18 of AIA Document A201 General Conditions of the Contract for Construction.

CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program, may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B, and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Dept. of LWD, Construction EEO Monitoring Program, that

its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

(A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.

(B) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:

(1) To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;

(2) To notify any minority and women workers who have been listed with it as awaiting available vacancies;

(3) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;

(4) To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;

(5) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and nondiscrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;

(6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:

(i) The contractor or subcontractor shall interview the referred minority or women worker.

(ii) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD, Construction EEO Monitoring Program. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

(iii) The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.

(iv) If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.

(7) To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

(C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.
