

## Wall Township Public Schools Food Allergy/Restriction Questionnaire

In order to ensure the safety of your child at school and assist the classroom teacher, we would like to ask you to complete in as much detail as possible, information regarding foods that your child may have for snack and what foods your child must absolutely avoid. Please be advised that this information will be shared with appropriate school personnel for the safety of your child.

If your child is allergic to nuts please specify which nuts they need to avoid and if there are any nuts they can safely eat. For example, allergy to walnuts and almonds but can have pecans and peanuts.

If your child is allergic to fruits please specify if it is the actual fruit only or if the allergy is to all forms of the fruit. Are artificial flavorings of the fruit acceptable? For example, allergy to apple but can have apple juice, applesauce or apple-flavored candy.

Please specify if the food product they are allergic to needs to be avoided altogether or if a certain quantity is acceptable. For example, allergy to milk but can have 2 oz. a day of chocolate milk.

Finally, please provide us with suggested snacks that you normally would provide at home; be very specific about what your child must avoid.

Student's Name	Grade		
Food allergy/restric	ction to Topical Ingestion		
Avoid food tota	ally or limit the amount?		
May have a lin	nited amount (be specific)		
My child may	be in the same room with other children eating this food product. $\Box$ Yes	🗌 No
